THE CLASSROOM

01244 422007

Camp Location
Alderford Lake
Tilstock Road
Whitchurch
SY13 3JQ

Accommodation

The children will sleep in bell tents with the teachers tents right next to the Childrens.

Camp Facilities

The camp is set in a quiet area at Alderford, fenced off from the lake and away from the public areas. We have our own toilet facilities next to camp which the children can access at all times.

Our catering trailer and marquee, with lots of picnic benches, is also right next to the camp so everything is in one space.

Our Activities

Examples of activities for the older children; climbing, archery, water sports i.e. kayaking and stand up paddleboarding (SUP). Younger children will focus on the teambuilding/den building and activities such as pond dipping.

Equipment and Food

Equipment

We supply all specialist equipment for the activities, tents and sleeping mats. We also have a limited supply of waterproof tops and bottoms. If you have your own then great, bring them along, but we will do our best to kit you out if you don't.

All other kit that you will need to supply can be found in a suggested kit list in the residential handbook.

Further questions

If you have any further questions please see if they are answered in the handbook, if not please submit these to your class teacher who can then pass these onto us to answer.

Thank you and we look forward to your schools residential with us.
